

# banchetto

- ★ **Easy and quick to use**
- ★ **Little weight and saving space (1010x460x1460Height)**
- ★ **Very interesting features/cost ratio**
- ★ **2 versions available: BASE e PLUS**
- ★ **Easy and friendly handbook**

Test bed for alternators, stators, rotors, diodes plates, regulators and starters (no load test) for cars; the bed may be equipped with analogic or digital instrumentation; three-phase motor. This test bed was designed for car repair shops; dealer's workshops and also for electricien.

## TESTS which can be CARRIED OUT

- Test for alternators at 12 24 V up to 1400W with regulator built-in or external
- Tests for electric users (wind shield weapers, intermittences and so on)
- Test for plates with 6 and 9 diodes\*
- Test for diodes (polarity, efficiency)\*
- Test for starters (no load test)\*
- Test condensators\*
- Test for insulation 220V (stators, motors, inductive fields)\*
- Test for modules, coils and pulsers\*

\* only for PLUS version

## INSTRUMENTATION and STANDARD EQUIPMENT

- Voltmeter/Amperemeter (0-40V/0 0-1000 A (99,9 V/999A digital)
- Amperemeter 50-0-50 A ( $\pm 99,9$  A digital)
- Digital voltmeter (test for regulators)
- 220 o 380 V three-phase supply (power supply 2 KW)
- Possibility to reverse the motor rotation
- 2 motor speeds: low speed for starting charge, high speed for maximum charge
- Cover for belt protection
- Protection for direct current circuits
- System for fast locking alternators and starters
- Special pulley and brackets for Fiat/Citroen alternators
- Kit of cables and bridges required for all tests

Dimensions and Weight	without packing	with packing
Length	1010mm	1030mm
Width	460mm	480mm
Height	1460mm	1560mm
Weight	120Kg.	135Kg.

Technical specifications and features may vary without prior notice

Anche in versione digitale

Also in digital version

Aussi en version digitale

Instrumentos digitales bajo pedido

Auch in Digital-Aufführung

Fornibile a richiesta con kit eccitazione alternatori elettronici (Ford, Focus, Fiesta, Peugeot, etc.)

Deliverable on request with set excitation electrical alternators (Ford Focus, Fiesta, Peugeot etc)

Délivrable sur demande avec kit excitation alternateurs (Ford Focus, Fiesta, Peugeot)

Auf Anfrage lieferbar mit Satz Schwingungs Wechselstromgeneratoren (Ford, Peugeot)

Disponibile a pedido con Kit de excitación alternadores electronicos (Ford Fiesta, Peugeot)
